FOR IMMEDIATE RELEASE

Darin Matson Increases Oversight to Include Central Indiana and Central Kentucky for Rogers Group Inc.

Darin Matson, Vice President of Aggregate Operations, will assume responsibility for Rogers Group Inc. operations in Central Indiana. This will be in addition to his current responsibilities overseeing operations in Central Kentucky. Matson, a degreed mining engineer from Penn State, has held operations management and executive level positions with both Martin Marietta Materials and Rogers Group.

Rogers Group Inc., with headquarters in Nashville, Tennessee, employs over 1,500 people in five states. The growing 99-year-old construction products company provides crushed stone, sand and gravel, asphalt, highway construction and concrete masonry to the south-central United States. Annual sales are in excess of \$400,000,000.
